ADVANCED PROGRAMMING WITH .NET

LAB EXAM   Marks: 20

A diary is a record (originally in handwritten format) with discrete entries arranged by date reporting on what has happened over the course of a day or other period. A personal diary may include a person's experiences, thoughts, and/or feelings, excluding comments on current events outside the writer's direct experience. Create an online **Digital Diary** where user can create memories with date specified, can upload images to any specific memory, modify the existing memory and can delete any specific memory from his/her diary. Last Modification date is also recorded in the system. One unique feature of the system is a user can set the importance (*high, moderate, less important*) of any event. Each user can be identified by the system.

WHAT & HOW TO SUBMIT

You need to upload through your VUES account. Your submission should contain the following files:

SUBMISSION STEPS:

1. Create a Directory/Folder with your ID (ex: 14-10380-1)
2. Put all the files into that Folder
3. Upload the zipped format of that Folder
